

**Emergency Financial Manager of the City of Ecorse
(Directive No. 066)**

**ORDER OF THE EMERGENCY FINANCIAL MANAGER OF
THE CITY OF ECORSE, COUNTY OF WAYNE, STATE OF
MICHIGAN, AUTHORIZING EXECUTION OF ANNUAL
PAVEMENT RESTORATION PERMIT.**

WHEREAS, under the Local Government Fiscal Responsibility Act, Act 4, Public Acts of Michigan, 2011, as amended ("Act 4") and a Contract (the "Contract") between the State of Michigan and Joyce A. Parker, dated October 30, 2009, Joyce A. Parker has been appointed as the Emergency Manager (the "EM") of the City of Ecorse, County of Wayne, Michigan (the "City") and charged with the power and authority to take all actions necessary to develop and implement financial and operational plans to regulate expenditures, investments and the provision of services for the City of Ecorse in conformity with and using the powers set forth in Act 4; and

WHEREAS, pursuant to Act 4 and the Contract, the EM, as the Chief Administrative Officer of the City, is authorized to, among other things, make, approve, or disapprove any appropriation, contract, expenditure, or loan for the City, as well as, exercise the authority and responsibilities of the chief administrative officer and governing body concerning the adoption, amendment, and enforcement of ordinances or resolutions affecting the city as she may deem necessary, within her sole discretion, to accomplish the purposes of Act 4; and

WHEREAS, the EM has determined it is the best financial interest of the City of Ecorse (hereinafter the "Community"), and necessary to accomplish the purposes of Act 4 and the financial plan of the EM to periodically apply to the County of Wayne Department of Public Services, Engineering Division Permit Office (hereinafter the "County") for permits to conduct permanent pavement repairs due to emergency repairs on local and County roads located entirely within the boundaries of the Community, as needed from time to time to maintain the roads in a condition reasonably safe and convenient for public travel;

WHEREAS, pursuant to Act 51 of 1951, being MCL 247.651 *et seq*, the County permits and regulates such activities and related temporary road closures;

NOW THEREFORE, in consideration of the County granting such Permit, the Community agrees and resolves that:

It will fulfill all permit requirements and will save harmless, represent and defend the County of Wayne and all of its officers, agents and employees:

from any and all claims and losses occurring or resulting to any and all persons, firms, or corporations furnishing or supplying work, services, materials, or supplies to the Community as the result of the Community's installation, construction, operation, repair or maintenance activities which are being performed under the term of the Permit on, over, and/or under the County right-of-way or any local road; and

from any and all claims of every kind for injuries to, or death of, any and all persons, and for loss of or damage to property, and environmental damage or degradation, and from attorney's fees and related costs arising out of, under, or by reason of the Community's installation, construction, operation, repair or maintenance activities which are being performed under the terms of the permit on, over, and/or under the county right-of-way or any local road, except claims resulting from the direct negligence or willful acts or omissions of said County performing permit activities.

Any work performed for the community by a contractor or subcontractor will be solely as a contractor for the Community and not as a contractor or agent of the County. Any claims by any contractor or subcontractor will be the sole responsibility of the Community. The County shall not be subject to any obligations or liabilities by vendors and contractors of the Community, or their subcontractors or any other person not a party to the Permit without its specific prior written consent and notwithstanding the issuance of the Permit.

The Community shall take no unlawful action or conduct, which arises either directly or indirectly out of its obligation, responsibilities, and duties under the Permit which results in claims being asserted against or judgment being imposed against the County, and all officers, agents and employees thereof pursuant to a maintenance contract. In the event that same occurs, for the purposes of the Permit, it will be considered a breach of the Permit thereby giving the County a right to seek and obtain any necessary relief or remedy, including, but not by way of limitation, a judgment for money damages.

With respect to any activities authorized by Permit, when the Community requires insurance on its own or its contractor's behalf, it shall also require that such policy include as named insured the County of Wayne and all officers, agents and employees thereof.

The incorporation by the County of this Directive/Order as part of a Permit does not prevent the County from requiring additional performance security or insurance before issuance of a Permit.

The City of Ecosse, shall, at no expense to Wayne County, provide necessary police supervision, establish detours and post all necessary signs and other traffic control devices in accordance with the Michigan Manual of Uniform Traffic Control Devices.

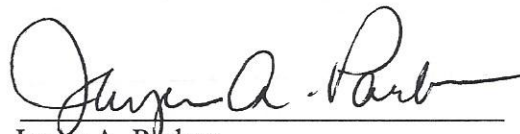

The City of Ecorse shall assume full responsibility for the cost of repairing damage done to the County road during the period of road closure or partial closure.

This Directive/Order shall continue in force from this date until cancelled by the Community or the County with no less than thirty (30) days prior written notice to the other party. It will not be cancelled or otherwise terminated by the Community with regard to any Permit which has already been issued or activity which has already been undertaken.

BE IT FURTHER RESOLVED, that the following position(s) are authorized to apply to the County of Wayne Department of Public Services Engineering Division Permit Office for necessary permit to work within County road right-of-way or local roads on behalf of the Community.

Repeal. All orders of the EM, resolutions of the City Council of the City, and parts of resolutions or orders in conflict with this Order are hereby repealed to the extent of such conflict.

SO ORDERED this 19th day January 2012.

A handwritten signature in black ink, appearing to read "Joyce A. Parker", is written over a horizontal line.

RE: Annual Pavement Restoration Permit - A-12104

Attention: E. Hollenquest

Enclosed is your Wayne County Annual Pavement Restoration Permit package. The Annual Permit authorizes your company to occupy Wayne County road rights-of-way for the purpose of pavement repair and restoration.

In addition to the Annual Permit, the package also includes the following attachments, which are incorporated by reference into the permit:

1. *General Conditions and Limitations of Permits*
2. *Indemnity and Insurance Attachment*
3. *Model Community Resolution*

Please review the insurance attachment carefully, since the insurance requirements have been recently updated.

This year, the WCDPS Permit Office has published its manual, *Rules, Specifications and Procedures for Permit Construction*. This manual replaces the Permit Specifications document which was attached to annual permits in previous years. The manual is also incorporated by reference into this annual permit and is available online at:

http://waynecounty.com/dps_engineering_cpoffice.htm

In particular, refer to Section 6, "Restoration" and Section 7, "Maintaining Traffic and Traffic Control Devices" for specific rules and specifications regarding pavement restoration work. Additionally, refer to Wayne County Standards of Permit Construction, numbered: PR-1, PR-2, PR-3, PR-4 and PR-5 for detailed specifications on pavement repair and patching. These standards are also available online at the above web address.

As an additional condition of this annual permit, the Permit Holder agrees to provide at least 72 hours prior notice before starting any construction. Each notice shall be sent to the Permit Office at the address shown below and shall include the location and date of the proposed work along with a detailed set of construction plans.

For each restoration project, plan review and inspection costs, including overtime, supervision, materials testing and emergency work (if required) will be billed to the Permit Holder on a monthly basis.

Please return the original permit, signed and dated by an authorized signatory, confirming that the signer's name is typed below the signature line and submit these documents to:

**Wayne County Department of Public Services
Permit Office
Attn: Mr. Sami H. Khaldi
33809 Michigan Avenue
Wayne MI 48184**

Once received, I will validate your permit and return an executed copy to you for your files.

If you have any questions regarding this Annual Permit, please contact me at 734.595.6504, extension 2038.

Sincerely,

Sami H. Khaldi
Division Permit Engineer

Engineering Division – Permit Office
Conditions & Limitations of Permits**

Plan Approval and Specifications: All work performed under the permit shall be done in accordance with the approved plans, specifications, maps, statements and special conditions filed with the County and shall comply with Wayne County Specifications, as defined in the current *Wayne County Rules, Specifications and Procedures for Permit Construction*, included as an attachment to this permit, the *Wayne County Standard Plans for Permit Construction*, and the *MDOT Standard Specifications For Construction*, as modified by WCDPS Special Provisions, and other WCDPS specifications. Any situation or problem which occurs as a result of the construction, operation, use and/or maintenance of the facility in the right-of-way and is not covered by the approved plans nor by the County's current Standards and Specifications shall be resolved by the Permit Holder as directed and approved by the Permit Office. Any significant change to the plans must be approved by the Permit Office and is authorized only when an approved addendum is obtained from the Permit Office.

Fees: The Permit Holder shall be responsible for all fees and costs incurred by the County in connection with the permit and shall deposit payment for fees and costs as determined by the County at the time the permit is issued.

Bond: The Permit Holder shall furnish a bond in cash or Certified check in an amount acceptable to the County to guarantee performance under the conditions of the permit. The County may use all or any portion of the bond which shall be necessary to cover any expense, including inspection costs or damage incurred by the County through the granting of the permit. Should the bond be insufficient to cover the expenses and damages incurred by the County, the Permit Holder shall pay such deficiency upon billing by the County. If the bond amount exceeds the expenses and damages incurred by the County, the excess portion will be returned to the Depositor. The excess performance bond provided for herein, when it cannot be returned, shall be deposited into the County Road Fund and become a part thereof, unless claimed by the Depositor within one year of the date of satisfactory completion of the construction authorized by the permit.

Insurance: The Permit Holder shall furnish proof of liability and property damage insurance in the form and amounts acceptable to the County with Wayne County named as an insured party. The Permit Holder shall maintain this insurance until the permit is released, revoked or cancelled by the County.

Indemnification: The Permit Holder shall indemnify, hold harmless and defend Wayne County, the Wayne County Department of Public Services, its officials and employees against any and all claims, suits and judgments to which the County, the Department, its officials and employees may be subject and for all costs and actual attorney fees which may be incurred on account of injury to persons or damage to property, including property of the County, whether due to negligence of the Permit Holder or to the joint negligence of the Permit Holder and the County, arising out of any and all work performed under the permit, or in connection with work not authorized by the permit, or resulting from failure to comply with the terms of the permit or arising out of the continued existence of the work product that is the subject of the permit.

Permit on Site: The Permit Holder shall keep available a copy of the permit and any associated approved plans on site during permitted activities.

Notification for Start and Completion of Work: The permit shall not become operative until it has been fully executed by the County. The Permit Holder shall notify the County before starting construction and shall notify the County when work is completed. The Permit Holder or their representative shall have copies of the executed permit and approved plans in their possession on the job site at all times.

1. The Permit Holder shall provide at least three (3) days advanced notice, excluding Saturdays, Sundays and holidays, to the Permit Office prior to the commencement of any permitted activities by submitting a START OF WORK NOTIFICATION form by mail, fax or e-mail. In certain instances, additional notice may be required by the Permit Office. In the event that construction work ceases for a period of time, then the Permit Holder shall notify the Wayne County Inspector at least 24 hours prior to resuming work.
2. The Permit Holder shall comply with all requirements of the Miss Dig Statute, MCL §460.701 et seq., as amended. The Permit Holder shall call "MISS DIG", at (800) 482-7161, at least 72 hours, excluding Saturdays, Sundays and holidays, but not more than twenty-one (21) calendar days, before starting any underground work. The Permit Holder assumes all responsibility for damage to or interruption of underground utilities.
3. The Permit Holder shall call Wayne County Department of Public Services' Traffic Operations Office at (734) 955-2154, at least 72 hours prior, excluding Saturdays, Sundays and holidays, but not more than twenty-one (21) calendar days, before starting any underground work in the vicinity of any traffic signal equipment owned, operated or maintained by Wayne County.

Safety: The Permit Holder agrees that all work under the permit shall be performed in a safe manner and to keep the area affected by the permit in a safe condition until the work is completed and accepted by the County. The Permit Holder shall furnish, install and maintain all necessary traffic controls and protection which are in accordance with the current *Manual on Uniform Traffic Control Devices (MUTCD)*. The Permit Holder shall conduct all activities and maintain all facilities as set forth in the permit in a manner so as not to damage, impair, interfere with, or obstruct a public road or create a foreseeable risk of harm to the traveling public. The Permit Holder shall comply with all applicable OSHA and MIOSHA requirements.

Underground Utilities: The Permit Holder shall contact all utility owners regarding their facilities prior to starting work and shall comply with all applicable provisions of Act 53, Public Acts of 1974, as amended. Wayne County makes no warranty either expressed or implied as to the condition or suitability of subsurface conditions or any existing facility which may be encountered during an excavation. The presence or absence of utilities is based on the best information available and the County is not responsible for the accuracy of this information. The Permit Holder assumes all responsibility for the interruption and damage to underground utilities. The Permit Holder is responsible for proper disposal, in accordance with current regulations, of any material excavated from within the right-of-way. Such materials include, without limitation, soils or groundwater contaminated by petroleum products or other pollutants associated with sites identified by the MDEQ or reported on appropriate release forms for underground storage tanks.

Signability: The permit is neither transferable nor assignable without the written consent of the County.

Limitation of Permit: The Applicant and the Permit Holder shall be responsible for obtaining and shall secure any permits or permission necessary or required by law from State, federal or other local governmental agencies and jurisdictions, corporations or individuals. These include, without limitation, those pertaining to drains, inland lakes and streams, wetlands, woodlands, flood plains, filling, noise regulation and hours of operation. Issuance of a Wayne County permit does not authorize activities otherwise regulated by State, federal or local agencies.

Access of Other Vehicles: The Permit Holder shall, at all times possible, maintain a minimum of one acceptable access to all abutting occupied properties, driveways and side streets unless otherwise specified on the approved plans. The Permit Holder shall notify all owners or occupants of properties whose access may be temporarily disrupted during the permitted work. The local police, fire or emergency service agencies shall define acceptable access. The Permit Holder shall provide signing and other improvements necessary to ensure adequate access until the roadway, driveway or side street is restored. The Permit Holder shall conduct all operations so as to minimize inconvenience to abutting property owners. Wayne County reserves the right to reasonably restrict the progress of work by the Permit Holder based on the rate of roadway and right-of-way restoration, including permanent or temporary pavement. Wayne County may require that work be suspended until satisfactory backfilling of open trenches or excavations has been completed and driveways, side streets and drainage restored.

Restoration: The Permit Holder agrees to restore the County road and road right-of-way, County drain easement or County park property to a condition equal to or better than its condition before work under the permit began. If the Permit Holder fails to satisfactorily restore the permitted work area, Wayne County may take all practical actions necessary to provide reasonably safe and convenient public travel, preservation of the roadway and drainage, prevention of soil erosion and sedimentation, and elimination of nuisance to abutting property owners caused by the permitted activity. Security in the form of cash, a certified check or surety bond shall be required to secure the cost of restoring the disturbed portion of the right-of-way to an acceptable safe condition. The amount of the security shall be determined by the Permit Office. In the event that a suspension of work will be protracted or that the work will not be completed by the Permit Holder, the Permit Holder shall restore the right-of-way to a condition similar to the condition that existed prior to issuance of the permit.

Acceptance: Acceptance by the County of work performed does not relieve the Permit Holder of full responsibility for work performed or the presence of the permitted facility. The Permit Holder acknowledges that the County has no liability for the presence of the Permit Holder's facility located within the County road right-of-way, County drain easement or County park property.

Permit Expiration and Extension of Time: All work authorized by the permit shall be completed to the satisfaction of the Permit Office on or before the expiration date specified in the permit. Any request for an extension of time for completion shall be on a completed County form and shall demonstrate good cause for granting the request. Additional requirements may be imposed as a condition of an extension of time due to seasonal limitations or other considerations. These additional requirements may include, without limitation, changes to materials or construction methods, reestablishment of fees, bonds, deposits and insurance requirements.

Responsibility: The design, construction, operation and maintenance of all work covered by the permit shall be at the Permit Holder's expense with the exception that the Permit Holder will not be responsible for maintaining road widenings or similar facilities which become part of the County roadway.

Revocation: The permit may be suspended or revoked at the will of the County. Upon order of the County, the Permit Holder shall surrender the permit, cease operations and remove, alter or relocate, at their expense, the facilities for which the permit was granted. The Permit Holder expressly waives any right to claim damages for compensation resulting from the revocation of the permit.

Violation: The County may declare the permit null and void if the Permit Holder violates the terms of the permit. The County may require immediate removal of the Permit Holder's facilities and restoration of the County property, or the County may remove the facilities and restore the County property at the Permit Holder's expense. The Permit Holder agrees that in the event of a violation of the terms of the permit or in the event the work authorized by the permit is not satisfactorily completed by the permit expiration date, the County may use all or any portion of the performance bond to restore the County road right-of-way, drain easement, wastewater facility or park property as necessary for reasonably safe and efficient operations and maintenance, or to establish extraordinary maintenance procedures as required to assure reasonably safe and efficient operation of the County facility.

Inspection and Testing of Materials: Wayne County reserves the right of inspection and the testing of materials by its authorized representatives of all permitted activities and/or activities within the road right-of-way, County owned property or within a County drain easement. All items identified by the final inspection shall be resolved prior to release of the permit. All materials and methods utilized during the course of the authorized permit work shall meet the requirements of the current *MDOT Standard Specifications For Construction* as modified by *Wayne County Special Provisions, Standard Plans for Permit Construction*, and *Wayne County Standard Specifications for Materials*.

Design: The Permit Holder is fully responsible for the design of the permitted facility, such that the design shall be consistent with all applicable County standards, specifications, guidelines, requirements and with good engineering practices. Any errors in the plans that become evident after the issuance of a permit and which change the scope of the work shall be the responsibility of the Permit Holder. The Permit Holder shall be responsible for correcting errors, deficiencies, or omissions due to oversight or unforeseen contingencies such as faulty drainage, poor subsoil conditions or the failure of the Permit Holder's engineer to show all the related or pertinent conditions inside or outside the plan area.

Drainage: Drainage shall not be altered to flow into the road right-of-way or road drainage system unless approved by Wayne County.

Holder Compliance: The Permit Holder shall abide by the conditions and limitations contained on the permit and all other conditions listed within the WCDPS Rules, Specifications and Procedures for Construction Permits. The application of any work undertaken under the permit shall constitute the Permit Holder's agreement to the Provision.

**Wayne County Department of Public Services
Engineering Division – Permit Office
Indemnity and Insurance Attachment**

To the extent allowed by law, the Permit Holder shall defend and hold harmless Wayne County, the Department of Public Services, its officials and employees against any and all claims, suits and judgments to which Wayne County, the Departments, its officials and employees may be subject and for all costs and actual attorney fees which may be incurred on account of injury to persons or damage to property, including County property. The Permit Holder shall provide this indemnity for any incident arising out of any and all activities performed under the permit or in connection with work not authorized by the permit, or resulting from the failure to comply with the terms of the permit, or arising out of the continued existence of the work product that is subject to the permit.

Certificates of insurance shall be required for all construction permits, excluding residential driveway permits. Each certificate of insurance and any associated correspondence shall reference the plan review number of the project. General liability and automotive liability insurance coverage shall be in amounts detailed below:

The general liability insurance coverage shall be in amounts not less than \$1,000,000 each occurrence and \$2,000,000 general aggregate. Proof of automobile liability shall be in amounts not less than \$1,000,000 combined single limit for each accident, bodily injury per accident, and property damage per accident, and in an amount not less than \$1,000,000 for bodily injury each person, each occurrence and property damage liability \$1,000,000 each occurrence.

The certificate of insurance must be provided by a person, the corporation, or by authorized representatives who signed personally either the application or permit. Insurance shall remain in force until the permit is released by Wayne County.

The Wayne County Department of Public Services shall be a Certificate Holder on the policy of insurance. Wayne County, and its officers, agents and employees shall be named as additional insured parties.

The insurance shall cover a period not less than the term of the permit and shall provide that it cannot be cancelled or reduced without thirty (30) days advance written notice to Wayne County, by Certified mail, first-class, return receipt requested. The thirty (30) days shall begin on the date when the County received the notice, as evidenced by the return receipt.

Such insurance shall provide by endorsement therein for the thirty (30) day notice by the insurer to the Permit Office prior to termination, cancellation or material alteration of the policy.

Licensee agrees to make application for renewal thereof at least sixty (60) days before the expiration date of the policy then in force and to file a certified copy of such renewed policy with the Permit Office.

The policy shall also provide by endorsement for the removal of the contractual exclusion.

Should insurance coverage be cancelled or reduced below acceptable limits, or allowed to expire, the authorization to continue work under the permit shall be suspended or revoked and shall not resume until new insurance is in force and accepted by Wayne County. Wayne County may, in such cases, take appropriate action to restore or protect the road and appurtenances. All costs incurred by this action shall be deducted from any remaining inspection deposit, bond and/or Letter of Credit and, if necessary, the Permit Holder may be billed to defray actual expenses.

**MODEL COMMUNITY RESOLUTION
AUTHORIZING EXECUTION OF
ANNUAL PAVEMENT RESTORATION PERMIT**

Resolution No. _____

At a Regular Meeting of the _____ (*Name of Community Governing Board*) on _____ (*date*), the following resolution was offered:

WHEREAS, the _____ (hereinafter the "Community") periodically applies to the County of Wayne Department of Public Services, Engineering Division Permit Office (hereinafter the "County") for permits to conduct permanent pavement repairs due to emergency repairs on local and County roads located entirely within the boundaries of the Community, as needed from time to time to maintain the roads in a condition reasonably safe and convenient for public travel;

WHEREAS, pursuant to Act 51 of 1951, being MCL 247.651 *et seq*, the County permits and regulates such activities and related temporary road closures;

NOW THEREFORE, in consideration of the County granting such Permit, the Community agrees and resolves that:

It will fulfill all permit requirements and will save harmless, represent and defend the County of Wayne and all of its officers, agents and employees:

from any and all claims and losses occurring or resulting to any and all persons, firms, or corporations furnishing or supplying work, services, materials, or supplies to the Community as the result of the Community's installation, construction, operation, repair or maintenance activities which are being performed under the terms of the Permit on, over, and/or under the County right-of-way or any local road; and

from any and all claims of every kind for injuries to, or death of, any and all persons, and for loss of or damage to property, and environmental damage or degradation, and from attorney's fees and related costs arising out of, under, or by reason of the Community's installation, construction, operation, repair or maintenance activities which are being performed under the terms of the Permit on, over, and/or under the County right-of-way or any local road, except claims resulting from the direct negligence or willful acts or omissions of said County performing permit activities.

Any work performed for the Community by a contractor or subcontractor will be solely as a contractor for the Community and not as a contractor or agent of the County. Any claims by any contractor or subcontractor will be the sole responsibility of the Community. The County shall not be subject to any obligations or liabilities by vendors and contractors of the Community, or their subcontractors or any other person not a party to the Permit without its specific prior written consent and notwithstanding the issuance of the Permit.

The Community shall take no unlawful action or conduct, which arises either directly or indirectly out of its obligations, responsibilities, and duties under the Permit which results in claims being asserted against or judgment being imposed against the County, and all officers, agents and employees thereof pursuant to a maintenance contract. In the event that same occurs, for the purposes of the Permit, it will be considered a breach of the Permit thereby giving the County a right to seek and obtain any necessary relief or remedy, including, but not by way of limitation, a judgment for money damages.

With respect to any activities authorized by Permit, when the Community requires insurance on its own or its contractor's behalf, it shall also require that such policy include as named insured the County of Wayne and all officers, agents and employees thereof.

The incorporation by the County of this resolution as part of a Permit does not prevent the County from requiring additional performance security or insurance before issuance of a Permit.

The resolution shall stipulate that the requesting city, incorporated village or township shall, at no expense to Wayne County, provide necessary police supervision, establish detours and post all necessary signs and other traffic control devices in accordance with the Michigan Manual of Uniform Traffic Control Devices.

The resolution shall stipulate that the requesting city, incorporated village or township shall assume full responsibility for the cost of repairing damage done to the County road during the period of road closure or partial closure.

This resolution shall continue in force from this date until cancelled by the Community or the County with no less than thirty (30) days prior written notice to the other party. It will not be cancelled or otherwise terminated by the Community with regard to any Permit which has already been issued or activity which has already been undertaken.

BE IT FURTHER RESOLVED, that the following position(s) are authorized to apply to the County of Wayne Department of Public Services Engineering Division Permit Office for the necessary permit to work within County road right-of-way or local roads on behalf of the Community.

Name
